# SAFETY DATA SHEET

Molybdenum Solid Metal

# **Section 1. Identification**

GHS product identifier

: Molybdenum Solid Metal

Other means of identification

: Not available.

Product type

: Massive metal.

## Relevant identified uses of the substance or mixture and uses advised against

Material uses

: Electrical Industry and Electronics.

Mechanical Engineering.

Optical Industry.

Metal-working Industry.

Manufacturer

: H.C. Starck Inc. 45 Industrial Place Newton, MA 02461, USA Telephone: 617-630-5800

Emergency telephone number (with hours of operation)

: GENERAL INFORMATION - +617-584-4569 [8:00 a.m - 6:00 p.m EST]

CHEMTREC (US, Transportation) - 800-424-9300 [24h]

CHEMTREC (International, Transportation) - +703-527-3887 [24h]

e-mail address of person responsible for this SDS

: msdsus@hcstarck.com

# Section 2. Hazards identification

**OSHA/HCS status** 

While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

Classification of the substance or mixture

: Not classified.

**GHS label elements** 

Signal word

: No signal word.

**Hazard statements** 

: No known significant effects or critical hazards.

**Precautionary statements** 

Prevention

: Not applicable.

Response

: Not applicable.

Storage

: Not applicable.

Disposal

: Not applicable.

Hazards not otherwise

classified

: Handling and/or processing of this material may generate a dust which can cause mechanical irritation of the eyes, skin, nose and throat. Under normal conditions of use this product is non-hazardous. However, if this product is ground or otherwise

processed those ingredients mentioned in Section 3 could be generated.

# Section 3. Composition/information on ingredients

Substance/mixture

: Substance

Other means of identification

: Not available.

CAS number/other identifiers

**CAS** number

: 7439-98-7

# Section 3. Composition/information on ingredients

Product code

: Not available.

Ingredient name	%	CAS number
Molybdenum	99.95 - 99.97	7439-98-7

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

# Section 4. First aid measures

## Description of necessary first aid measures

Eye contact

: Get medical attention if any damage to the eye is caused by the metal.

Inhalation

: Not applicable.

Skin contact

Flush contaminated skin with plenty of water. Cuts should be treated promptly and

covered.

Ingestion

: Not applicable.

### Most important symptoms/effects, acute and delayed

### Potential acute health effects

Eye contact

: Not applicable.

Inhalation

: Not applicable.

Skin contact

: No known significant effects or critical hazards.

Ingestion

: Not applicable.

#### Over-exposure signs/symptoms

Eye contact

: No specific data.

Inhalation

: No specific data.

Skin contact

: No specific data.

Ingestion

: No specific data.

### Indication of immediate medical attention and special treatment needed, if necessary

Notes to physician

: Treat symptomatically.

Specific treatments

: No specific treatment.

Protection of first-aiders

: No action shall be taken involving any personal risk or without suitable training.

### See toxicological information (Section 11)

# Section 5. Fire-fighting measures

## Extinguishing media

Suitable extinguishing

: Dry powder type agents specially designed for metal powder fires.

media

Unsuitable extinguishing

media

: Do not use water jet. Carbon dioxide (CO<sub>2</sub>).

Specific hazards arising from the chemical

: Dust and Fumes from this product may be a fire and explosion hazard when exposed to high temperatures or ignition sources. Particle size and dispersion in air determine

reactivity.

Hazardous thermal decomposition products : Decomposition products may include the following materials:

metal oxide/oxides Molybdenum trioxide.

Date of issue/Date of revision

: 8/6/2013.

Date of previous issue

: No previous validation.

Version

# Section 5. Fire-fighting measures

Special protective actions for fire-fighters

: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

Special protective equipment for fire-fighters : No special protection is required.

## Section 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

: No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Put on appropriate personal protective equipment.

For emergency responders: If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-

emergency personnel".

**Environmental precautions** 

: No specific hazard.

## Methods and materials for containment and cleaning up

Small spill

: Restack safely. Take care with items that are sharp or heavy.

Large spill

: Restack safely. Take care with items that are sharp or heavy. Note: see Section 1 for

emergency contact information and Section 13 for waste disposal.

# Section 7. Handling and storage

#### Precautions for safe handling

Protective measures

: Put on appropriate personal protective equipment (see Section 8). Take care with items

that are sharp or heavy.

Advice on general occupational hygiene : Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.

**Conditions for safe storage.** : Store in accordance with local regulations.

including any incompatibilities

# Section 8. Exposure controls/personal protection

#### Control parameters

### Occupational exposure limits

ngredient name	Exposure limits			
Molybdenum	ACGIH TLV (United States, 3/2012).  TWA: 10 mg/m³, (as Mo) 8 hours. Form: Inhalable fraction  TWA: 3 mg/m³, (as Mo) 8 hours. Form: Respirable fraction			

Appropriate engineering

: No special ventilation requirements.

controls

**Environmental exposure** : Not applicable.

controls

#### Individual protection measures

Hygiene measures

Wash thoroughly after handling.

Date of issue/Date of revision : 8/6/2013. Date of previous issue : No previous validation. Version :1 3/9

# Section 8. Exposure controls/personal protection

Eye/face protection : Safety eyewear complying with an approved standard should be used when a risk

assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-

shields.

Skin protection

Hand protection

: Use strong, cut-resistant gloves suitable for handling metals.

**Body protection** 

Personal protective equipment for the body should be selected based on the task being

performed and the risks involved and should be approved by a specialist before

handling this product.

Other skin protection

: Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a

specialist before handling this product.

Respiratory protection

: Not applicable.

# Section 9. Physical and chemical properties

**Appearance** 

Physical state

: Solid.

Bar. / Billet. / Coil. / Disc. / Foil. / Glass Melting Electrode. / Pellets. / Plate. / Rod. /

Scrap. / Sheet. / Sputtering Targets. / Tube. / Wire.

Color

Odor

pН

: Odorless.

Odor threshold

: Not available.

**Melting point** 

: Not applicable. : 2620°C (4748°F)

**Boiling point** 

Flash point

: Not available.

**Burning time** 

: Not applicable. : Not available.

**Burning rate** 

: Not available.

**Evaporation rate** 

: Not applicable.

Flammability (solid, gas)

: Not available.

Lower and upper explosive

: Not applicable.

(flammable) limits

Vapor pressure

: Not applicable.

Vapor density

: Not applicable.

Relative density

: 10.2

Solubility

: Not available.

Solubility in water

: Not available.

Partition coefficient: n-

octanol/water

: Not available.

**Auto-ignition temperature** 

: Not applicable.

Decomposition temperature

: Not available.

**SADT** Viscosity : Not available. : Not applicable.

# Section 10. Stability and reactivity

Reactivity

: No specific test data related to reactivity available for this product or its ingredients.

Chemical stability

: The product is stable.

Possibility of hazardous reactions

: Under normal conditions of storage and use, hazardous reactions will not occur.

Date of issue/Date of revision

: 8/6/2013.

Date of previous issue

: No previous validation.

Version

# Section 10. Stability and reactivity

Conditions to avoid

: Avoid the creation of dust when handling and avoid all possible sources of ignition

(spark or flame). Prevent dust accumulation.

Incompatible materials

: Evolves hydrogen on contact with acids. Risk of formation of explosive hydrogen-air

mixtures.

Hazardous decomposition

products

: Under normal conditions of storage and use, hazardous decomposition products should

not be produced.

# Section 11. Toxicological information

## Information on toxicological effects

### **Acute toxicity**

Not available.

#### Irritation/Corrosion

Not available.

#### Sensitization

Not available.

#### **Mutagenicity**

Not available.

#### Carcinogenicity

Not available.

### Reproductive toxicity

Not available.

#### **Teratogenicity**

Not available.

#### Specific target organ toxicity (single exposure)

Name	Category	Route of exposure	Target organs
Molybdenum	Category 3	, ,,	Respiratory tract irritation

## Specific target organ toxicity (repeated exposure)

Not available.

#### Aspiration hazard

Not available.

Information on the likely routes of exposure

: Routes of entry anticipated: Oral, Dermal, Inhalation.

Potential acute health effects

Eye contact

: Not applicable.

Inhalation

: Not applicable.

Skin contact

: No known significant effects or critical hazards.

Ingestion

: Not applicable.

## Symptoms related to the physical, chemical and toxicological characteristics

Eye contact Inhalation

: No specific data.: No specific data.

Date of issue/Date of revision

: 8/6/2013.

Date of previous issue

: No previous validation.

Version :1

# Section 11. Toxicological information

Skin contact

: No specific data.

Ingestion

: No specific data.

## Delayed and immediate effects and also chronic effects from short and long term exposure

## Short term exposure

Potential immediate

: Not available.

effects

Potential delayed effects

: Not available.

Long term exposure

Potential immediate

: Not available.

effects

Potential delayed effects

: Not available.

### Potential chronic health effects

Not available.

General

: No known significant effects or critical hazards.

Carcinogenicity Mutagenicity No known significant effects or critical hazards.No known significant effects or critical hazards.

Teratogenicity

Developmental effects

No known significant effects or critical hazards.No known significant effects or critical hazards.

Fertility effects

: No known significant effects or critical hazards.

### **Numerical measures of toxicity**

### **Acute toxicity estimates**

Not available.

# Section 12. Ecological information

### **Toxicity**

Product/ingredient name	Result	Species	Exposure
Molybdenum	Acute LC50 200000 μg/l	Daphnia - Daphnia magna	48 hours
	Acute LC50 800 mg/l Fresh water	Fish - Oncorhynchus mykiss	96 hours
	Chronic NOEC 500 mg/l Marine water	Algae - Glenodinium halli	72 hours

### Persistence and degradability

Not available.

### Bioaccumulative potential

Not available.

### **Mobility in soil**

Soil/water partition coefficient (Koc)

: Not available.

Other adverse effects

: No known significant effects or critical hazards.

# Section 13. Disposal considerations

Disposal methods

: The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues.

# Section 14. Transport information

	DOT Classification	TDG Classification	Mexico Classification	ADR/RID	IMDG	IATA
UN number	Not regulated.	Not regulated.	Not regulated.	Not regulated.	Not regulated.	Not regulated.
UN proper shipping name	-	-	-	-	-	-

# Section 16. Other information

### Hazardous Material Information System (U.S.A.)

# Section 16. Other information

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks Although HMIS® ratings are not required on SDSs under 29 CFR 1910. 1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered mark of the National Paint & Coatings Association (NPCA). HMIS® materials may be purchased exclusively from J. J. Keller (800) 327-6868.

The customer is responsible for determining the PPE code for this material.
